## **FOR EVERY DESK WE SELL, WE WILL PLANT A TREE.**

We are an environmentally aware and an environmentally sustainable company.

We are delighted to announce the launch of our Plant-a-Tree (PAT) initiative.  
Quite simply, for every desk we sell, we will plant a tree.

We have developed an exciting partnership with Trees On The Land, where we will plant native Irish trees for every desk sold. We will fund the planting of a tree for every desk you buy.

Last year our supplier sold approximately, 10,000 desks and they are on target to sell even more this year! This will mean that more than 10,000 native Irish trees will be planted.

These trees will be planted at selected sites in and around Co. Cork, with staff members will be rolling up their sleeves to help plant the trees.

Forests play an important role in helping fight climate change – Ireland's forests and wood products removed 4.3 million tonnes of carbon dioxide from the atmosphere in 2015. Tackling climate change is in everybody's interest. We are an environmentally aware company which is proactive in its approach to safeguarding the environment and in playing its part in tackling climate change.

## ASHFORD

Ashford combines looks and practicality with outstanding durability at an affordable price.

Metal legs are manufactured from 16 gauge steel, powder coated in silver. All desk tops and panel legs are constructed from E1 grade heat and scratch resistant 25mm melamine panels.

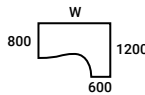

STYLE & PRACTICALITY

FEATURES

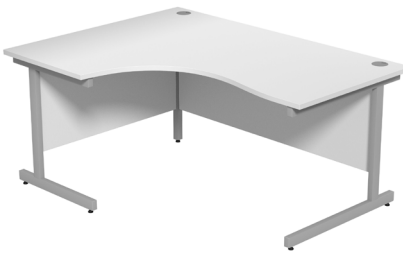

- 25mm Tops.
- 25mm Panel Legs.
- Steel legs 30 x 50mm coated in highly resistant powder paint.
- Test Certified to EN 527-1:2011 / EN 527-2:2003 / EN 527-3:2003.
- Adjustable feet on all items.
- Impact protective edging.
- E1 grade panel with Environmental certification.

## KOMO

With a variety of desk sizes, Komo is a highly flexible system which allows for a multitude of workstation configurations. Cable managed legs, optional cable baskets and CPU holders provide discreet cable management.

Metal to metal fixings allow for simple re-configuration, whilst elegantly curved tops complete with pearl nickel aluminium portals, add that all important finishing touch.

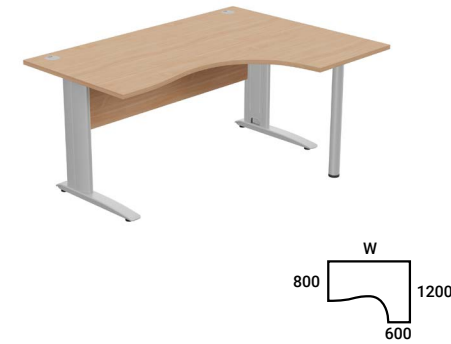

KOMO CRESCENT DESK  
Pictured here is a 2 person configuration using 1600 x 1200mm desk with pedestal.

FEATURES

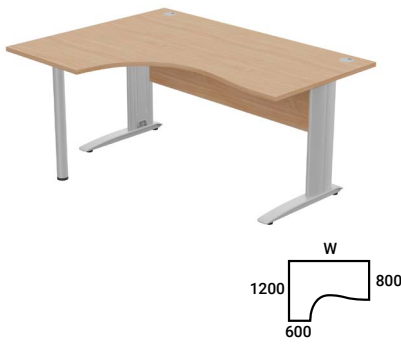

- 25mm Tops.
- Formed steel legs with integrated internal cable management. Powder coated in high resistant silver RAL9006 paint.
- All paint used is completely solvent-free and offers up to 99% material utilisation. Consequently, this coating method is incredibly economical and, at the same time, eco-efficient.
- Legs and tops are joined with metal to metal fixings which add extra strength and allow for simple reconfiguration.
- 2 Aluminium Desk Top Cable Portals per Desk.
- Adjustable feet on all items.
- Impact protective edging.

## LEAP

Leap is an electrically adjustable range of desking comprising of a single sit stand desk & bench desk system. Our frames can be expanded to accommodate tops from 1200mm to 1800mm in width and electronically adjusted from 595mm to 1245mm in height, all at the touch of a button with the touch sensitive controls.

Each user can adjust their own desk height individually via the memory master control unit.

Leap also features anti-collision software meaning if it encounters an obstruction as it is going up or down it will stop and retract 2cm. Leap is test certified to EN527-1 and EN527-2.

Touch control memory controls lets the user set 3 predefined heights, which can be recalled with the touch of a button.

FEATURES

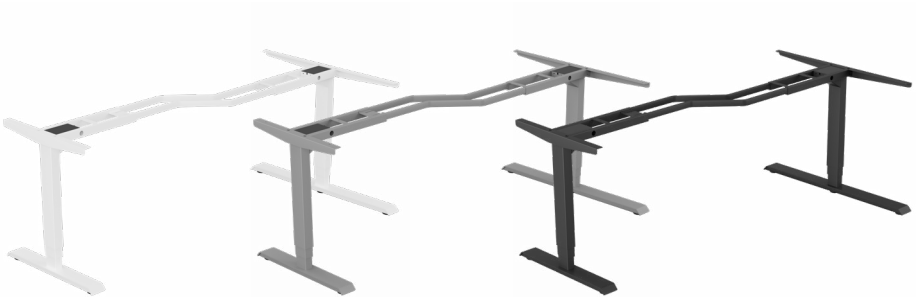

- Height min. 595/max.1245mm, Stroke 650mm.
- Speed 40mm/s.
- Width adjustable 1080 - 1800 mm.
- Lifting Power - Distributed Load of 125Kg.
- Noise < 50 decibels.
- Six Axis Anti Collision.

# LEAP APP

DOWNLOAD NOW - SEARCH "LEAP DESK"

Download the free Leap App and take control of your desk height through your phone.

The Leap App includes the following features:

Adjust the desk height

Set memory positions

Create daily standing goals

Track your daily standing progress throughout your work day

View your historical data

Set sedentary reminders

To get started simply search for "Leap Desk" in the App store or Google Play.

Once downloaded you can connect the app by pairing with the desk dongle. The App and dongle are easily connected through Bluetooth.

For more information please contact a member of our sales team.

# WHY SHOULD WE ALL USE A HEIGHT ADJUSTABLE DESK?

**1**  
**BRAIN ACTIVITY**  
If you stay fixed in one position, insufficient fresh oxygen-rich blood will be pumped around the body, causing brain function to slow down.

**2**  
**HEART RISKS**  
Since muscles are less active while a person is seated they burn less fat. Together with a higher blood pressure and elevated cholesterol levels this increases the risk of heart disease.

**3**  
**MUSCLE PROBLEMS**  
If you stay seated all day your leg muscles and gluteus muscles will become inactive, thus reducing your ability to sit up straight.

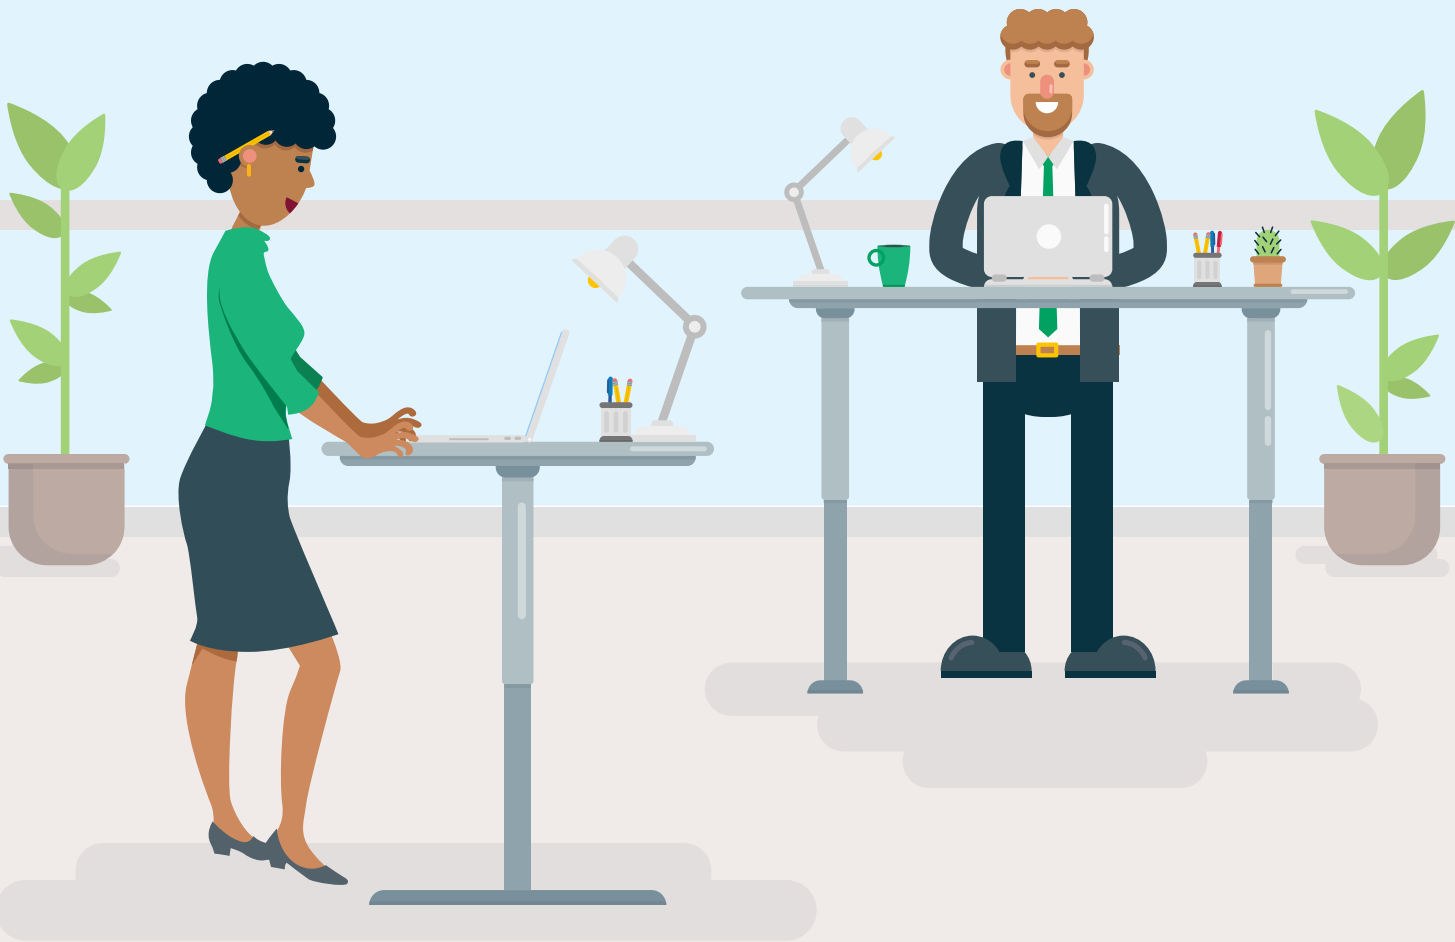

## 5 reasons why you should stand while working

**4**  
**BACK PROBLEMS**  
Staying seated for long periods causes weight pressure to be unevenly distributed over the spine, leading to spinal problems in the lower back.

**5**  
**POOR CIRCULATION**  
Remaining seated for too long may result in swollen ankles and varicose veins, caused by fluids sinking down into the legs.

# STEEL STORAGE PRODUCTS AVAILABLE TO ORDER

Filing Cabinets, Lockers, Side Tambours, Steel Pedestals and  
Cupboards made from the highest quality steel now in stock.

# KITO X-SERIES

Manufactured from the highest quality steel, using the latest robotic technology, our X-Series has been carefully engineered to meet modern requirements of space and ergonomics.

## FEATURES

- Fifth wheel on filing drawer for additional stability.
- Master-key series, central locking.
- Optional landscape & portrait drawer dividers.
- Optional pen tray.
- Adjustable filing bar for FC or A4 files.

# DUOREST 2.0

Duorest ergonomics chair reduces back pressure by supporting the spine and back muscles.

**Smart Back System** - Backrest depth and height is easily adjusted using the control dial to reduce back pressure by supporting the spine and back muscles.

**Adjustable Armrest** - Armrests can be adjusted by angle or depth to ensure correct positioning.

**Urathane Castors** - Double layered 3mm Urathane castors reduces noise and protects against floor scratches.

**Curved Headrest Angle Adjustment** - Headrest can be adjusted by height and angle to provide optimum comfort.

**Self-Tilting Tension** - Tilting tension automatically measures the ideal tension for the individual user to maintain a comfortable sitting experience. The degree of tilting can be adjusted by operating the degree lever.

**Changeable Seatpan Cover** - Removable, washable seatpan cover to maintain the product in a pristine condition.

**Adjustable Seat Slide** - Adjust the depth of the seat to ensure correct seating position between seat cushion and knee.

A woman with dark hair tied back, wearing a white turtleneck, is seated at a dark table. She is holding a white stylus and writing on a tablet. To her right is a laptop. In the foreground, a yellow cup is on the table. In the background, two children are sitting on a couch; one is wearing a red shirt and the other a pink shirt. The scene is dimly lit, suggesting an evening or indoor setting with soft lighting.
